Good Afternoon Mr. Mueller:

Scott Stanush (email above) is looking forward to hearing from you and will be able to assist you on your visit to the Site.

Thank you.

Regards,

Jonathan Carroll

Good afternoon Mr. Carroll

I wanted to let you know that I am going to be going by the Falcon Site this Thursday afternoon. The purpose for my visit is to check on the condition of the monitor wells that were installed in 2013 and the general site conditions. EPA is working completing the Remedial Investigation of the Wetland and Marine area of the Site (OU 2). EPA is planning on starting work on completing the Remedial Investigation of the rest of the site later this year. Can you please tell me if there will be anyone at the site on Thursday and provide me their contact information.

Thank You,

Brian W. Mueller

Remedial Project Manager

EPA Region 6
